

# CLIP CASE

**CARGO™ | WIDE**

**Big phones take big falls. And when they're damaged as a result, it's a big problem. You need a durable, intuitive solution to keep your larger cell phone with you, in one piece, and at a convenient reach. The Nite Ize Clip Case Cargo Wide does just that.**

Made of extremely durable ballistic polypropylene and equipped with an enclosed bottom, this innovative, tough cell phone case for wider phones absorbs shocks and shields from the elements. It has a patented flex clip that attaches securely over and under your belt, fully rotates for access at any angle, and even locks in eight different positions. Three pockets on the case—one in the front, one inside, and one in the back—hold identification, cash and credit cards for extra convenience. And to top it all off, we've added our Tooth Ferry feature to keep your wireless headset or headphones safe and available.

Absolutely perfect for those who work and play in rugged environments, and don't want their (big) phones to suffer for it.
