

INFINI-KEY™

Key Ring

Made of lightweight, durable stainless steel, the Infini-Key carabiner key ring allows for easy attachment and removal of multiple keys, with no awkward split key ring to fight with when accessing your keys.

The simple design of our Infini-Key not only keeps your multiple keys handy, it allows you to isolate and remove any one of them without having to struggle with a stubborn split key ring. Just slide the key you need to the narrowed top - the neck of the Infini-Key keeps your other keys from following - and unlock the simple carabiner clip to remove. The carabiner can also be used to attach the Infini-Key to a belt loop, backpack, or second key ring, keeping your keys secure and handy wherever you go.

- + Unique, high quality stainless steel key ring that allows easy access and removal of keys - No more split rings!
- + Carabiner clip allows secure attachment and easy release to most loops, straps, backpacks, or second key rings.
- + Holds more than a dozen keys easily and securely
- + Size: 2.49" x 1.16" x 0.22" | 63.20mm x 29.55mm x 5.66mm
- + Weight: 5g | 0.18oz.
