

SEEKEY™

LED

The SeeKey is the perfect combination of two things every Dick and Jane need: a sturdy ring to carry keys, and a good light so you can see the handles, knobs, and ignitions they unlock when it's dark outside.

Attached to a heavy duty nickel-plated split ring that's durable, secure, and corrosion-resistant, the bright, battery-powered LED has two functions—press once for steady glow (to illuminate your path, find keyholes, and read in the dark), and twice for continuous flash (to signal your location to others). Water-resistant, durable, and long-lasting, the SeeKey is powered by 2 fully replaceable lithium batteries.

- ⊕ Weather resistant
- ⊕ Nickel plated split ring keeps keys secure
- ⊕ Push button on/off switch
- ⊕ Glow and flash modes
- ⊕ Battery run time: Glow mode: 20 hours | Flash mode: 25 hours
- ⊕ Long life, replaceable batteries included
- ⊕ Battery Type: 2-2016 Lithium batteries included
- ⊕ Available with White LED shining through either Lime or Clear/White Plastic
- ⊕ Dimensions: 4.05" x 1.33" x 0.86"
- ⊕ Weight: 0.63oz
