1. CLEAN THE BACK OF THE PHONE/PHONE CASE WITH THE ENCLOSED ALCOHOL PAD. LET DRY. DO NOT USE HOUSEHOLD CLEANERS.
2. REMOVE THE ADHESIVE BACKING FROM THE MAGNETIC PHONE SOCKET.
3. POSITION THE MAGNETIC PHONE SOCKET IN THE CENTER OF THE BACK OF THE DEVICE AND FIRMLY PRESS INTO PLACE.
4. WAIT ONE HOUR AFTER APPLICATION FOR SUFFICIENT CURE.

DO NOT USE THIS PRODUCT ON SOFT, FLEXIBLE CASES. THESE CASES ARE NOT RIGID ENOUGH TO HOLD THE MAGNETIC PHONE SOCKET. ADHERE MAGNETIC PHONE SOCKET DIRECTLY TO THE HARD SURFACE BELOW, THROUGH THE NEW HOLE IN CASE.
